

Dear Rider

Thank you for expressing an interest in participating at the DSBK, UAE National Championship during the 2023/24 season.

In order to participate, you will require a minimum of a 'national' grade licence and the relevant 'start permission' from the federation where you acquired your race licence.

Please use the attached letter from Emirates MotorSport Organization to apply for your start permission.

In addition, please keep in mind that the letter needs to state your full names, valid licence number and whether medical insurance cover is included within the start permission or not. If your federation does not include medical cover for events outside of your country, then you can contact the below motosports insurance provider:
